

Special Guest:

Mr. A.S. Jagganath

Mr. Jagganath first met Meher Baba in 1955 at a Sahavas program in lower Meherabad. Although he was attending simply out of curiosity, he was rendered speechless upon his first sight of Baba. When he was later embraced by Him, he melted into Baba's arms and immediately surrendered to Him, knowing Him internally to be God in Human Form.

Mr. Jagannath has wonderful stories of his time with Meher Baba. He is not a self-important person, so we are advised to encourage him to share his personal experience, including the events leading up to his Darshan. He is also quite a Meher Baba historian, and can answer questions in detail about many of Baba's public events.
